

## Utah NASA Space Grant Consortium Community Colleges & Technical Schools Scholarships Dixie Applied Technology College

---

**DXATC**  
Dixie Applied Technology College

The Utah NASA Space Grant Consortium has received a NASA grant for scholarships to be awarded to students attending Salt Lake Community College, Snow College, and applied technology campuses across Utah within the Utah College of Applied Technology during from 2015-2016. Eligible students must be pursuing a degree or certificate in a STEM (Science, Technology, Engineering or Mathematics) field such as Healthcare, Information/Visual Technology, Manufacturing, etc.

### NASA Background

The intent of the scholarship awards under this grant is that the awardee will directly support the following Co-STEM priority areas of NASA:

- (1) “Enhance STEM Experience for Undergraduate Students”: understanding that students from various backgrounds may comprise high enrollment in community colleges and technical schools;
- (2) “Better Service Groups Historically Underrepresented in STEM Fields”: increase the number of students from groups that have been underrepresented in STEM fields that graduate with STEM degrees in the next 10 years and improve women’s participation in areas of STEM where they are significantly underrepresented.

The scholarships awarded under this NASA grant seek to:

- (1) Attract/retain more community college and technical college students into STEM-based academic programs;
- (2) Increase the number of students that complete their (2) year Associate’s degrees from a community college or Certificate from a technical school and obtain employment in a STEM career;
- (3) Increase the number of community college and technical college STEM graduates and transfers into four-year institutions.
- (4) Careful consideration will be given to female and underserved students studying in the STEM fields.

Eligible scholarship applicants must be:

- (1) U.S. Citizens
- (2) Within one or two academic years of completing their Associate’s Degree or Certificate or transferring into a four-year institution
- (3) Enrolled at Salt Lake Community College, Snow College or a campus of the Utah College of Applied Technology.

The scholarship application packages for Dixie Applied Technology College (DXATC) are due on March 2, 2015. Awards will be made on a competitive basis to currently enrolled or future students who meet the aforementioned requirements. Submission of the application must be to the Utah NASA Space Grant Consortium. The scholarship committee comprised of selected DXATC staff and faculty will make the selection of DXATC scholarship awardees.

Scholarship awards made under this NASA grant will be for a total of \$5,000 per student for the timeframe of a complete program certificate. The scholarship will be issued in periodic payments that are based on academic performance and progress that meet the goals and objectives of this award. Awards will be distributed through the DXATC Financial Aid Office located in Student Services.

Your application package should consist of the following four items:

1. The completed scholarship application form (see below).
2. A letter written by you (no longer than one page) to the scholarship screening committee describing your plans during the period of the NASA Space Grant scholarship award. Please describe your area of study, your goals while enrolled in school, and your plans beyond this enrollment and how this supports a STEM field.
3. A letter from an instructor or mentor in your proposed field of study detailing your plan of study and the likelihood of success for your academic achievement, obtaining STEM employment, and/or transferring onto an advanced degree at a four-year institution. (*Letter should be emailed from the mentor directly to the Utah NASA Space Grant Consortium Program Coordinator: [kim.olson@utah.edu](mailto:kim.olson@utah.edu)*)
4. A recent transcript (official or unofficial) of your enrollment at a UCAT campus or other post-secondary institution, or a high school transcript if you are an incoming student.

Please submit the completed package electronically to: Kim Olson ([kim.olson@utah.edu](mailto:kim.olson@utah.edu)) no later than 5:00 p.m. on March 2, 2015.

Name: \_\_\_\_\_ Student ID # \_\_\_\_\_

Mailing Address: *(include city, state, zip)*: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

E-mail Address : \_\_\_\_\_

Phone Number: (\_\_\_\_) \_\_\_\_\_

Program in which you are or plan to be enrolled: \_\_\_\_\_

Certificate you are seeking: \_\_\_\_\_

Mentor: \_\_\_\_\_

Mentor e-mail address: \_\_\_\_\_

Mentor phone number: \_\_\_\_\_

Beginning date of enrollment at DXATC: \_\_\_\_\_

If currently enrolled, how many hours of program competencies completed: \_\_\_\_\_

***Protected class status:*** *(Please note the Consortium is required by NASA to report the information below for assessing the effectiveness of this program in recruiting students in technical disciplines, especially women and underrepresented minorities. The information may also play a part in the selection process by permitting affirmative action selections among otherwise equally qualified applicants. Thus, you are asked to complete applicable parts of this section.)*

Male  Female

Individual with disability(ies)

\_\_\_ African American \_\_\_ Asian \_\_\_ Caucasian \_\_\_ Hispanic \_\_\_ Native American

\_\_\_ Pacific Islander \_\_\_ Other, please specify

*Initial each of the following statements:*

I certify that: *(note: if any statement is not initialized, your application will not be considered)*

\_\_\_\_\_ I am a citizen of the United States.

\_\_\_\_\_ I am or will be a full-time DXATC student with the intention of completing a STEM certificate during the academic years 2015 & 2016. I understand that any change in my continuous enrollment status during the period of the scholarship may affect continuation of the scholarship.

\_\_\_\_\_ I understand that being awarded a NASA Space Grant scholarship will require ongoing communication via the Space Grant Consortium and myself. I will respond to e-mails and provide up-to-date information in a timely manner about the status of my enrollment, certificate, and future plans during the course of this award.

\_\_\_\_\_ If awarded a UNSGC scholarship, I agree to provide information about my studies and/or employment on request beyond the term of this award. *(This is part of a NASA requirement to track the long-range effectiveness of the scholarship program.)*
