

The logo for 'XPLORATION OUTER SPACE' is displayed in a stylized, metallic font. The background features a vibrant, multi-colored nebula or galaxy with purple, blue, and green hues.

#STUDENTASTRONAUT CONTEST

Win a Chance to Train like a Scientist Astronaut
And Be Featured on FOX's Xploration Outer Space

WHAT DO YOU WIN?

The winner of the #StudentAstronaut Contest will learn what it takes to become a Scientist-Astronaut! They will go through a suborbital scientist training program (including a High-G aerobatic flight) called the PoSSUM Academy in October with the host, [Emily Calandrelli \(@TheSpaceGal\)](#), and be featured in an episode of FOX's Xploration Outer Space. The episode will explore suborbital science and what students will need to know to be part of this exciting new wave of research.

HOW DO YOU ENTER?

The #StudentAstronaut Contest will be a video contest. Video applications must be submitted to our [Facebook Page \(Xploration Station\)](#). Check Facebook for application instructions.

We are looking for a student who is passionate about space exploration and science. We want someone who understands the importance of communicating science to others and will be able to share their experience effectively with others through social media or on other platforms.
